MEMORANDUM FOR: Mr. Knoche  
Admiral Murphy

INFORMATION :

SUBJECT : Cabinet Meeting on Intelligence

Admiral Turner advises that the President has requested a special two-hour Cabinet meeting on the subject of intelligence. This is to provide the Cabinet with information of ways the intelligence community can serve them. Admiral Turner is considering a maximum 45-minute presentation followed by discussion and questions. I understand the Admiral would prefer a shorter presentation, if possible, and that he wants to ensure that any charts and graphics be large enough to be read easily. The President expects that the Cabinet meeting would be in two or three weeks. This material should be ready for Admiral Turner's review by close of business on 15 March.

B. C. Evans  
Executive Secretary
